

THREE COMPONENT - CLASSIC LINE -

SQUIRE

SQUIRE is a high-gloss, glass-like finish that is UV impervious, 1200° F heat resistant, chemical resistant, and petroleum-proof! It's a great option for Stone, Polished Concrete, Grind and Seal (with use of Primer), Epoxy and many more applications. Spray and mop install or spray-only over textured surfaces.

NCO

NCO is a satin/semi-gloss coating designed to provide maximum protection against staining, microbial growth and UV exposure. It restores the surfaces to near original appearance and brings out the color in stone and masonry. Spray and mop install or spray-only over textured surfaces.

RANGER

BallistiX's RANGER is a gloss coating for vinyl. This barrier provides maximum protection, prohibits microbial growth, resists staining and the effects of harsh chemicals. The end result provides a long lasting, glossy shine on the treated surface which eliminates the need for continuous waxing. Spray and mop install or spray-only over textured surfaces.

*Three-part.
Must be mixed to catalyze.*

DUAL COMPONENT - PREMIUM LINE -

*Designed for luxury, hospitality
and high-end applications.*

STEALTH COAT

THE ULTIMATE SHEEN-LESS COATING

High solids, dual component coating easily applied to large application by use of spray and mop. The thinnest of our coatings, 5-8 microns!

*Two-part.
No need to heat.
Just mix, shake and apply!*

SINGLE COMPONENT - CONVENIENCE LINE -

SINGLE COMPONENT SYSTEM

High solids, single component coating easily applied to large application by use of rolling, mopping, or spray-only over textured surfaces.

COUNTERATTACK

ULTIMATE PROTECTIVE COATING

Low solids, single component coating easily applied to focal applications/ installations by use of wiping, rolling, or spray-only for textured surfaces.

*One-Part.
No need to mix.
Just shake and apply!*

COUNTERATTACK⁺

ULTIMATE PROTECTIVE COATING

Low solids, single component coating easily applied to focal and flooring applications by use of wiping and buffing. Virtually invisible with maximum protection!
