### Challenges

Northland sought a fast and durable flooring solution capable of withstanding heavy equipment and foot traffic without the need for floor preparation.

### Solution

Northland Sports Center installed the SupraTile 7MM leather tile, known for its top-tier durability. This choice not only provides robust flooring for heavy equipment and foot traffic but also adds a touch of luxury with its leather finish. Two people installed the floor in less than 1 day. The hidden joint design contributes to a seamless transition between tiles, enhancing the overall aesthetic appeal.

SupraTile 7MM Leather

“ We found you guys online and did some research as far as different installations and customer reviews and it seemed like a great product to use. We requested a few different samples to see what was going to work best and ended up with the 7mm hidden dovetail leather finish and it did not disappoint! Installation was smooth and the product was amazing to work with! Two of us installed 3240 sq ft in about 19 hours! I would definitely recommend this to anyone looking for a new shop/garage floor! The customer service and ship time was awesome as well!
